# FACIALS

Our advanced cosmeceutical facials are specifically tailored to you and include cleansing, exfoliation, steam & extraction and a lymphatic drainage massage. Skincare products are chosen after a consultation with your therapist and include Jan Marini and Dr. Barbara Sturm.

*Supplementary microneedling is available on request.*

## **The Lymphatic Drainage Facial**

Our most popular facial: this natural and fast alternative to a face lift redefines your facial contours and clears your complexion. Working with your body to support the lymph nodes, this facial helps to remove excess fluids and toxins and balances the skin.

Involving intense stimulation and massage of the muscles in the face and neck using a collagen serum, it immediately reduces puffiness and sculpts your features. This facial is perfect before an important event or after a long flight.

**50 mins: £150**

## **InParlour's Signature Facials**

Using a tailored blend of cosmeceuticals, this facial renews and brightens dehydrated and tired-looking skin, targets pigmentation and sun spots, and tightens and lifts the facial contours. The facial begins with a deep cleanse, steam and extraction followed by a peel designed to resurface, clarify and smooth the appearance of fine lines and pigmentation. This is followed by lymphatic drainage massage to help lift, de-puff, and balance the skin.

A treatment mask is then applied to help target specific skincare concerns – choose from Vitamin C, Retinol Plus or Luminate – combined with a shoulder & scalp massage. The facial is finished with a serum and a treatment moisturiser selected for your skin type.

**70 minutes: £195**

### **Vitamin C**

An intense form of vitamin C to encourage collagen production and combat dull, tired-looking skin. The Vitamin C facial provides exceptional skin rejuvenation and brightening benefits. Skin will appear lifted, firmer, brighter and tightened.

### **Retinol Plus**

This advanced facial combats the signs of ageing and provides immediate skin retexturisation and refinement. The Retinol Plus facial will help to minimise the appearance of fine lines, wrinkles, acne and facial discolouration.

### **Luminate**

This corrective facial visibly improves the appearance of skin tone, texture and luminosity. Lightening agents progressively reduce the appearance of pigmentation and discolouration, whilst also exfoliating the skin gently removing dull, dry skin for a more hydrated, radiant glow.

## **Courses**

One Signature Facial:	£195
Three Signature Facials:	£535 (£50 discount)
Six Signature Facials:	£975 (£195 discount)

*To maintain healthy luminous skin we recommend a facial once per month.*

## **Facial Add-ons**

### **Back & Shoulder or Neck & Shoulder Massage**

Ideal treatment to add onto an existing facial or beauty appointment to extend the calming and stress relieving.

**15 mins: £30**

**30 mins: £60**

### **Microneedling**

Very fine needles are used to create small channels within the epidermis, accessing deeper layers of the skin. This allows the active ingredients in your facial to penetrate the skin more effectively, moisturising from within, increasing blood flow and activating the growth of new cells. To be booked as part of a Signature Facial.

**£100**

DR. BARBARA  
**STURM**

Dr. Barbara Sturm is an internationally renowned specialist in non-surgical rejuvenating skin treatments, anti-wrinkle treatments and anti-ageing. **Dr. Sturm Classic Facial**
